# AT COURT

WELCOME TO PINAL COUNTY  
CLERK OF THE SUPERIOR COURT

Today you are at the Courthouse in Pinal County. Welcome! How should I act in Court? You should be on time, dress neatly, do not go in alone and make sure an adult is with you.

You cannot eat or drink in the courtroom and it is very important to be quiet when you wait because other cases may come before yours. We call the judges "Your Honor" to show respect and we don't speak unless the judge or the lawyer asks you to.

Here are some fun pages for you to color while you are waiting!

# WHAT IS A COURTHOUSE?

**Although some people go to court because they broke the law, the Courthouse is also a place where families can go when they can not solve a problem and need some help. Sometimes it is necessary for children to go to Court too.**

**The Courthouse may seem like a scary place, but the people in the Courthouse are there to help you.**

I walk through the metal detector so the officer can check for things that are dangerous.

# CONNECT-THE-DOTS

The Judge speaks to the courtroom from an area called the bench. But she can't begin until you **CONNECT-THE-DOTS** and build the bench for her to sit behind.

JUDGE

A judge makes decisions for families. She wears a special robe. She listens to everyone in the courtroom at a trial. She makes sure everyone follows the rules so that the trial is fair. Then she tries to make a decision that is good for the kids, and fair to the parents.

# HOW DID YOU GET TO COURT TODAY?

Can you make it though the maze and go from your house to the courthouse?

COURTROOM CLERK

The **courtroom clerk** usually sits beside the judge or master. The clerk's job is to keep track of all the papers about the case in the court and organize them. The courtroom clerk keeps track of the decisions that the judge or master makes during court. The courtroom clerk may also ask the witness to raise their hand and take an oath to tell the truth.
